

370090C SIMPLEX SOFT-FACE MALLETS - CAST IRON HOUSING

Hammer for machine building and the automotive industry. This hammer is supplied with two hard white nylon inserts, a malleable cast iron body and a wooden handle. Highly wear resistant, non-splintering (even at sub-zero temperatures) and resistant to oils and greases. We can supply other ferrules more suitable for your work, as outlined in the reference 370091. Interchangeable inserts.

Code	Ø	—i↓	—i↓	Weight(gr)
