ADJUSTABLE CLAMPING LEVER WITH FEMALE STAINLESS STEEL THREAD

INOX
Stainless
Steel

Za: Handle in light alloy, lacquered in black and interior parts in 1.4305 stainless steel.

Ask us about other threads and colors available (orange RAL 2004).

If you need to double the closing force: Adjustable handles with axial bearing. Consult.

Advantages:

- Double closing force.
- Protection of the clamped piece.
- Smaller threads with equal strength.
